Why did you choose Melbourne?

I chose Melbourne because a friend recommended the city to me and there are not as many Thai students studying here.

How are your studies going?

I was studying General English but last week changed to the IELTS course. It is very challenging but I'm enjoying it. I have just applied for permission to work on a student visa so I am looking for a job. I would like to work in a European restaurant so I can practice my English further.

How are you enjoying Melbourne?

I've visited Sydney and Brisbane but I think Melbourne is the best. It's a beautiful city but not too busy.

What are you planning to do after you have finished your course?

I am going back to Thailand and planning to open a restaurant near the beach.

What has been the highlight for you so far?

The biggest stand out for me is the gardens in Melbourne. They are so big and beautiful, the streets are wide and clean.
